Industries We Serve:

Feed & Grain · Energy · Chemicals
Fertilizer · Mining & Infastructure · Cement

At Comco we believe in building long-term, trusting relationships with our customers.

We work very hard every day to be the best automation company that we can be.

We listen to our customers and make sure that our systems meet the needs of our customers' operations as they evolve.

The Comco Difference

Meet Your Needs

We deliver custom solutions that are fit-for-purpose to meet your unique process and equipment needs

Quality

We pride ourselves on timely deliveries through disciplined project management and quality control

Controls to Insights

We augment our process controls offering with data historian functionality and data analytics to enable business decision making

24/7 Support

Our dedicated technical service team provides fast-response support around the clock so you're never stranded when you most need it

Size Does Not Matter

We provide single or multi-process, -equipment and -area automation solutions

Fits the Budget

We right-size our solutions with features that best suit your unique operational needs

Siemens Solutions Partner

We are an official Siemens Solution Partner for automation & drives, focusing on PCS7 and TIA portal.

Experienced Team

Our team has over 35 years of experience in the automation and controls industry

Innovation

We continuously enhance our solutions to create more value for our customers in an ever-evolving industry
